

There are different kinds of hepatitis. Know the ABCs.

Hepatitis A, hepatitis B and hepatitis C are different. You can protect yourself and others by learning how they are passed on from person to person and how they are treated.

Not just needles.
**Everything new,
every time.**
Prevent Hep C.

Living with Hep C?
**Take care of
your liver.**
And yourself.

**Treatment can
cure Hep C.**
Know your options.

Hepatitis C.
You can have it
and not know it.
Get tested.

**Hep C is passed
blood to blood.**
Know the risks.
